

PRO'S PICK®

Red•Out® Solar Salt

Rust-Preventing Solar Water Softener Salt

Pro's Pick® Red•Out® Solar Salt

Our high purity water softener salt contains up to 99.6% pure salt. Evaporated naturally by the sun and wind, these solar crystals have a white, opaque appearance and a low insoluble content. Formulated for use where iron content in water is high, the product contains an effective additive that helps prevent rust stains.

Offered exclusively to dealers, this product is NSF-certified to ensure premium quality, and is recommended for use in all side-by-side water conditioners. The package poly bags are made with 50% recycled material, so you can feel good about making a great product choice while helping the environment!
